

LICENSING COSTS

The licensing costs consist of:

- Tax for the documents required for licensing;
- Tax for the Licensing Application Analysis;
- Tax for Documentation Analysis;
- Tax for the licensing file assessment;
- Expense estimates for the certification process stages: audit, tests, inspection, supervision. The expense estimates are prepared for each stage or cumulatively for several stages, according to the methodology established by Registrul Auto Român (Romanian Automotive Register), namely:

Material expenses:
 Direct labour:
 CAS (Health Insurance Fund):
 Unemployment:
 Special health fund:
 Social solidarity special fund:
 C.A.A.M.B.P. Fund:
 Section general expenses:
 Enterprise general expenses:
 Total enterprise costs:
 Profit:
 Total (VAT excluded):
 VAT:
 Total (with VAT):
 External collaborations:
 Audit value:
 TOTAL ESTIMATE:

The audit cost will be calculated in lei, at the exchange rate of B.N.R. (National Bank of Romania) on the day of the expense estimate preparation:

- PERSON / AUDIT DAY: 200 \$.

Mentions:

- The resuming of certain stages of the licensing process implies new costs for the respective stages;
- The resuming of the licensing process, subsequent to its cessation, implies resuming the costs for the licensing process stages;
- These taxes are available starting as of:
- The tax value is updated on a quarterly basis.
